

CORONA VIRUS UPDATE

In response to Corona virus The Band Project will be taking the following steps to ensure the safety of students, tutors and parents and to comply with studio and government guide lines:

- Social distancing of 1 metre will be maintained in our sessions until further notice.
- Before students enter their practice room and when they leave they must use hand sanitiser which The Band Project will provide if needed though we request students bring their own.
- All Band Project tutors will teach with gloves and face masks if requested by any parent(s) of their bands or at their discretion. Students can also wear gloves and face masks in their sessions at theirs or parents discretion.
- Parents cannot come into the rooms at the end of sessions and must wait outside the venue until further notice. For younger students our tutors will bring their bands to the entrance and hand over to parents/nannies/responsible adults. For older students who arrive and leave by themselves we will be sending out a disclaimer for all parents to sign re-confirming they are happy for their child to leave the venue.
- For all Band Project students who sing lead or backing vocals we recommend buying your own microphone. If you are happy for your child to use the studios microphones you will be sent a disclaimer to sign confirming this. If a student forgets their microphone and we do not have a signed disclaimer they will not be able to use the studios microphones during the session.
- All studios used for Band Project sessions will be maintaining high standards of hygiene with cleaning taking place before and after each session. In some venues staff will be wearing masks and gloves and have put in place protective screens.

Christopher Mountford
